

Wallshell Shield™

The source of magnificence, the power of endurance, and the accent of individuality, Wallshell, with its wide-range of textured and color coated façade panels, provides you with an endless inspiration, a realization of architect's original vision and a comprehensive and versatile solution for your creative individuality.

Shield™ - Architect's Choice

Architecturally pleasing, faster installation, and environment friendly, Wallshell cladding system in many perspectives is the architect's choice. It can fulfill your projects with the easier implementation, either face fasteners or hidden clips, and higher performance without compromising your façade complexity and creativity.

Installed with Concealed Clips

Installed with Face Fasteners

Shield™ Textures and Colors - the Endless Variations

As natural as granite or as shining as metals, Wallshell's distinctive powder-coated fiber cement panels have been a leading brand for decades in the cladding industry. Its unique natural look and timeless beauty provide an exciting and noble expression to every building. The special coating also shows strong scratch resistance and offers lasting defense against graffiti. Wallshell has taken all that is great about fiber cement and engineered it into the magnificent rain screen and weather barrier cladding systems that stand out in the construction world.

Ceramicshell™

Texture: Satin

Customized Color: Upon Request.

The Ceramicshell™ color series use high performance fluoropolymer powders to achieve the durability of colors and gloss. With satin grade texture, its various distinctively pigmented finishes can give the façade a modern and avant-garde expression without any color limitations.

201 Natural Beige

210 Golden Brown

535 Brick Red

615 Slate Gray

640 Dim Gray

660 Ash Gray

Please see more colors in the Wallshell Shield™ Catalog.

Metalshell™

Texture: Satin

Customized Color: N/A

The Metalshell™ color series are Wallshell unique pigmented finishes. The selected metallic colors are coated with the super durable powders to achieve required performance as well as real metal expression, such as steel, copper, aluminum, silver or gold. These color series are usually selected by architects for high value buildings.

M10 Silver Flash

M15 Alum Flash

M30 Steel Flash

M40 Iron Flash

M50 Gold Flash

M70 Titanium Flash

Fabricshell™

Texture: Matte, Fabric

Customer Color: N/A

The Fabricshell™ color series create another noble and fabric-like expression in coating finishes. Characterized by a sanded surface without any pigmented coating, it naturally expresses the raw texture of the core fiber cement material.

It is its through-colored facade material that displays a strong scratch-resistance and UV-resistance throughout its life cycle. It also exhibits a high resistance to graffiti, stain and acid-base compounds and advantage of easy cleaning when contaminated.

F20 Gray Hill

F35 Volcanic Sand

F40 Gold Desert

F50 Sun Valley

F55 Salt Lake

F59 Raw Sienna

Graniteshell™

Texture: Bush-Hammered, Flamed, Matte

Customized Color: Can be identical with any natural granite provided by customer.

The Graniteshell™ color series are Wallshell unique pigmented finishes. With all the coating powders resourced from natural materials, its finishing displays an expression undistinguishable from natural granite. It also shows super strong UV-resistance throughout its life cycle, as well as a high resistance to graffiti, dust and acid-base compounds. It can be easily cleaned with an aqueous cleaner if contaminated.

G08 Mixed Quinoa

G15 Yellow Sesame

G30 White Sesame

G40 Gray Sesame

G50 Grain Sorghum

G70 Rye Seed

Please see more colors in the Wallshell Shield™ Catalog.

Splendidshell™

Texture: Matte

Customer Color: Upon Request

The Splendidshell™ color series, additional to its smoother surface than the Graniteshell™ series, can add as much as any imagination of flaky and chipped color effect to the pigmented finishes. It displays a super strong UV-resistance throughout its life cycle. It also shows a high resistance to graffiti, dust and acid-base compounds and advantage of easy cleaning when contaminated.

S03 White Oyster

S20 Foraging Morel

S60 Blue Iris

S78 Wild Truffle

S83 Black Tremella

S95 Orange Coral
